94 Persons Perish in Crash of Jet Airliner

No Survivors In Wreckage, Reports State

BOMBAY, India (UPI)—Search officials said today they had unconfirmed reports that a missing Alitalia intercontinental DC8 jet airliner with 94 persons aboard crashed into a hillside at Khapoli, 40 miles from Poona. The reports said there were no survivors.

Poona is about 75 miles south-east of Bombay. The officials said Alitalia's Bombay manager was on his way to the crash scene to personally check the crash reports. Meanwhile, the wreckage of an Indian air force Canberra which disappeared while searching for the missing Alitalia plane was found near Aurangabad, 175 miles southeast of Bombay.

The Italian plane disappeared while flying through monsoon-whipped skies headed for an instrument landing at Santa Cruz Airport in Bombay. The plane, which had been delivered to Alitalia airlines less than four months ago, vanished barely minutes before it was scheduled to land at the rain and wind swept airport. It was commanded by one of the airline's veteran pilots.

It was not immediately known whether any Americans were aboard.

The plane carried 85 passengers and a crew of nine. There was some early confusion about the number of persons aboard. Airline officials here said the plane carried 94 persons, but Alitalia's Rome headquarters first said there were 95, then 93, and finally 94.

It was feared the huge Douglas-built jet overshot the runway and plunged into the monsoon-driven waters of the nearby Arabian Sea. Air, sea and ground search operations were hampered by the weather.

Despite the rain and low cloud cover, four Indian air force jets and an Indian Airlines Skymaster swept over the sea and adjacent land areas for hours. A helicopter and an Indian navy ship joined the search during the afternoon and police were alerted to be on the lookout for the missing aircraft. But the hours passed without any report on the Alitalia airliner. The plane was last reported over Aurangabad, about 200 miles east of Bombay. It then had about 90 minutes of fuel left.

The nationalities of the passengers were not immediately known. Thirty-seven boarded the DC8 in Australia, 21 came aboard at Singapore, and 27 embarked at Bangkok, the airline said.

The plane was en route here from Bangkok. It was commanded by Capt. Luigi Quattrin, 51, a veteran of more than 13 years of service with the airline.

New Rule On Insane Proposed

SAN FRANCISCO (UPI)—A special commission of Gov. Edmund G. Brown proposed a new legal rule today which would make it easier for lawbreakers to be declared innocent because of insanity.

But the rule, along with accompanying proposals, would also make it easier to confine dangerous psychopaths to a mental institution for treatment, indefinitely, if necessary, even if the crime is minor.

Present law, the commission said, punishes, even with death, persons who were not responsible for their actions. The commission called this "immoral."

But at the same time, it said the law allows homicidal persons to remain free. An example would be Stephen Nash, who killed 11 persons after a psychiatrist had accurately forecast his future when he was arrested for a misdemeanor.

Views in Report

These conclusions were presented in a 144-page report to the board of Corrections by the Special Commission on Insanity and Criminal Offenders, which has received recommendations of nearly 100 penologists, psychiatrists and law enforcement officers.

The proposed new rule would make a person not criminally responsible if "as a substantial consequence of mental disorder, he did not have adequate capacity to conform his conduct to the requirements of the law..."

This would replace the M'Naghten rule. It resulted from an English case in 1843 and still is the guide in most of the United States.

The M'Naghten rule provides that a lawbreaker is responsible if he knows the difference between right and wrong.

A.F. B47 Explodes in Kansas Sky

Plane Crashes
In Wheat Field
Killing 2 Airmen

ST. FRANCIS, Kan. (UPI)—The four-engine Air Force plane crashed in three pieces, setting fire to uncut wheat fields over a two-mile area in this sparsely populated farm region near the Colorado and Nebraska state lines. The explosion, at an altitude of approximately 32,000 feet, was seen as far as 50 miles from here.

The Air Force withheld identification of the victims, pending notification of relatives.

The plane, a Strategic Air Command (SAC) craft, was en route from its base near Salina, Kan., to Lowry Air Force Base at Denver.

The co-pilot, Lt. Howard J. Steen, 29, Fergus Falls, Minn., said one of the plane's engines caught fire minutes before the explosion and the pilot gave the command to bail out. Steen said he jumped but saw no other parachutes.

Steen landed in a field near Benkelman, Neb., 22 miles north of here, and was picked up by Virgil Hatch who saw the explosion and Steen's parachute from his home near Benkelman. Steen was taken to a Benkelman hospital where he was kept overnight for observation.

Powder Puff Derby Is Now Crossing Nation

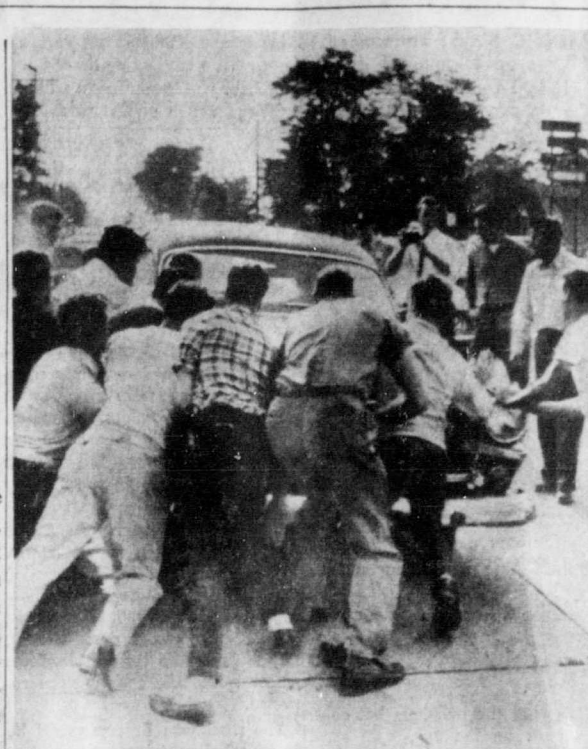

OAKLAND, Calif. (UPI)—Fifty women pilots take off today (at noon EDT) in the 16th annual transcontinental Powder Puff Derby.

Six-time winner Fran Bera of Long Beach, Calif., was rated the favorite to win the derby in her Beechcraft Bonanza F35. Mrs. Bera, who won last year, shared the cockpit with her sister and co-pilot, Edna Bower of Lakewood, Calif., also a former winner.

The race is determined on a handicap basis and is scheduled to end Wednesday noon at Wilmington, Del.

All the 97 pilots and co-pilots entered in the derby are members of the 99S, an organization of lady flyers founded by the late Amelia Earhart. They all hold at least commercial ratings.

Miscellaneous communications will include a letter from Vivian W. Hays, Palm Springs, concerning desert sand problems; a letter from the North Palm Springs Chamber of Commerce to the United States Bureau of Land Management concerning sales of small land tracts, and a letter from the county medical association concerning plans for fall polio immunization checks.

Violent Storms Lash Midwest

Thunderstorms which produced tornadoes in the northern plains and killer lightning in the Midwest continued through the night.

Postpone U.S. Secret Nuclear Blast

NEVADA TEST SITE, (UPI)—A secret nuclear device was to be fired a few feet above the desert floor today to follow a mighty wallop from the most powerful atomic blast ever touched off in the continental United States.

The Atomic Energy Commission had scheduled two explosions as the first atmospheric blasts at the Nevada proving grounds in nearly four years. One was to be a "weapons" test and another to "analyze effects of nuclear explosions."

But rising desert winds forced postponement for at least 24 hours of one device, the AEC said and declined elaboration on which test was delayed.

Pacifist Groups In Lifeboats to Conduct Protest

NEW YORK (UPI)—Members of three pacifist groups planned to use lifeboats today to protest the halting of the attempt by the trimaran Everyman I to sail into the Pacific nuclear test zone.

A spokesman said the boats would follow the shore of Manhattan Island up the East River from Greenwich Village to a water-born demonstration off the United Nations headquarters.

He said they would then row to the Statue of Liberty where they planned to dock and place a wreath at the base of the statue "to symbolize the abridgment of freedom of the seas and of the air we breathe."

The spokesman said the halting by Coast Guard vessels of the Everyman I off San Francisco infringed upon freedom of the seas.

Flash floods followed heavy rains in parts of Dixie. There was no relief from the heat in the Southwest, where Las Vegas, Nev., prepared for its 19th straight day of temperatures above 100 degrees. The temperature climbed above the 100 mark at Tulsa, Altus, Hobart and Hensley, Okla.

Tornadoes were sighted near Ada, Moorhead and Hendrum, Minn.; and two seen near Ashley, N. D., but there no reports of damage.

Wind gusts up to 50 miles an hour lashed the Fargo, N. D., area.

Jacksonville, Fla., measured 2.28 inches of rain early today. Columbia, Mo., had 1.75 inches.

Cape Girardeau, Mo., had 2.10 inches of rain in six hours. Sid Foss, 68, was electrocuted when he picked up a fallen wire. At least two Cape Girardeau homes were damaged by lightning.

Lightning killed Dedric Solberg, 26, as he walked across a farm field near Elk Mound, Wis., to close the windows of his car because of a sudden thunderstorm.

Atlanta measured 1.49 inches of rain. Cedartown, Ga., had 5 inches of rain in nine hours, causing flash flooding. Several families were evacuated from homes at Cedartown and civil defense authorities rescued three persons from a flooding basement beauty shop in the downtown section.

The plane was en route here from Bangkok. It was commanded by Capt. Luigi Quattrin, 51, a veteran of more than 13 years of service with the airline.

Gun-Totin' Bandit in Daring Indio Robbery

INDIO — A gun-wielding bandit took \$6,419 from a gasoline service station near the California Highway Patrol office here Friday, after locking the station manager in a storeroom.

Indio police, who have started a crash program of investigation with three men on the case, reported today that "we're still working on it," with no breaks in the case.

Police reported that the unknown bandit walked into the S and E Auto Service, 82-800 Highway 99, and asked manager Larry Moon

to cash a check. The man then pulled a gun from his belt, and ordered Moon to give him the station receipts.

"I know it's in this office," the daylight robber told Moon. The manager gave up the cash box, and was locked in an adjacent storeroom, police Lt. W. S. Orson said. Moon was discovered in the locked storage area by station attendant Bill Dougherty, who notified police.

Police, who found the empty cash box in the office, theorized the man carried the money away in a sack.

NEWS in BRIEF

ALGIERS, Algeria (UPI)—Moroccan troops have moved into strategic border areas in the Algerian Sahara Desert, while the nationalist government is reeling under internal revolt and administrative chaos, it has been announced.

News of the Moroccan move burst like a bombshell in the Algiers prefecture, where newly installed Premier Youssef Ben Khedda's regime sought fanatically to stem the tide of internal trouble.

WASHINGTON (UPI)—The first vote in the Senate on health care for the aged yesterday turned out to be far from any real test of sentiment towards the administration's controversial plan for linking the aid to social security.

A Republican proposal to use federal funds to pay private insurance companies premiums instead was beaten by a voice vote, but only about 15 senators were present, and the sponsor, Sen. Thurston B. Morton, R-Ky., did not even bother to ask for a roll call.

GENEVA (UPI)—The West fears the Communists might try to grab control of the Laccian army after a peace settlement unless adequate safeguards are included in a treaty, informed conference sources said today.

RIO DE JANEIRO (UPI)—President Joao Goulart and opposition leaders in Congress appeared headed today for a settlement of the political crisis that has touched off widespread rioting against high prices and food shortages.

Long Agenda for Springs Council

No microphones are planned to amplify the formal meeting talk of the five Palm Springs City Council members during 1962-3. The council, planning to hold the city operating budget to a tight \$2,051,411 and reduce the city rate for the year, indicated in a special Friday study session

Four Shot In Battle Under Wall

BERLIN (UPI)—East German Communists announced today one man was killed and three wounded in a gun battle in a tunnel under the anti-refugee wall June 28.

The East German press office said Communist police surprised four men building a tunnel from West Berlin to be used to help refugees escape.

The announcement said one of the men was killed and two wounded.

The fourth tunnel builder escaped back to West Berlin. The discovery of the tunnel became known on June 28. But the fate of the men working in it was not known until today's announcement.

On June 28 Eastern border guards opened fire and hurled tear gas and smoke bombs into a 60-foot tunnel built under Sebastian strasse on the border of the American sector Kreuzberg district.

The tunnel was discovered just as the builders broke through into an East Berlin cellar. It never was used by refugees.

'Scratchy'

"They were scratchy when we had them," Vice Mayor Ted McKinney observed. Mayor Frank Bogert said council members could always talk louder when audience members had difficulty in hearing the proceedings. "The room isn't that big," he added.

The council, set for a three-page agenda including the city budget, high-rise building standards, and the Desert Inn high-rise application, may move for time restrictions on some presentations during the meeting.

"It will still be Tuesday when we get out," Mayor Bogert predicted.

Budget Proposal

The study session turned down a proposal for budget revision, suggested by Councilman Earle Strebe.

"I don't know how we're set for reserves," Strebe explained. The veteran councilman, who was returned to the council in 1960, suggested holding the \$2,014,191-2 tax rate, and putting the approximately 2.4 cent savings into reserves.

"Our reserves are adequate under the budget evolved Monday," Charles Kasmer, acting city manager reported. The budget to be considered would result in an anticipated 1.99 cent tax rate per \$100 assessed valuation, on an expected \$80,100,000 city valuation total.

"We may be the only municipality in southern California that reduced taxes," Mayor Bogert emphasized.

EIGHT ON AGENDA

Supervisors Face Desert Items

RIVERSIDE — Eight items of special interest to desert area residents will come before the Riverside County Board of Supervisors, in a regular meeting beginning here at 9 a.m. Monday.

At 1:30 p.m., a public hearing will be held on an investigation report of the county surveyor, concerning the Desert Hot Springs-Pierson Boulevard Improvement District 114. At 1:35 p.m., a res-

olution of intention to order progress on the district is slated. The board will consider a recommendation for release of road development bond on the North Shore Beach Estates, number two, unit two.

Planning matters include a report of approval of an M-3 permit, sought by the Desert Bermuda Development Co., for airport and hotel in the Bermuda Dunes Springs.

The board will also hear a recommendation for approval of the application of Jean Damerei for a change of zone for property in the Cathedral City-Palm Desert district.

County Administrative Officer Robert Andersen will make a report recommending renewal of the lease for the county building and safety office in Desert Hot Springs.

Police Find \$168,000 Near Other \$2 Million

JERSEY CITY, N. J. (UPI)—Police found \$168,675.52 in cash hidden in a garage Friday only a block from where \$2.4 million in cash was discovered Tuesday.

Still Seeking Man Lost On Mojave

FT. IRWIN, Calif. (UPI)—Continued efforts were being made today to find Pvt. Gerald R. Dimpter, 23, Upper Darby, Pa., missing since Tuesday in this 1,000-acre desert military reservation.

Investigators meanwhile sought to determine whether a wristwatch found Friday belonged to Dimpter, who last was seen when he was released by mock captors during a routine training battle. His unit was about 3,000 yards from where he was released.

More than 1,300 air and ground searches hunted round-the-clock Friday for Dimpter. The searches found tracks leading into the rugged granite mountain region about five miles from where Dimpter was released.

Young Girl Is Missing

Jackie Jean Hickman, 18, 5 feet, 5 inches tall, black hair and brown eyes was last seen on the corner of Palm Canyon Drive and Amador at midnight. Her sister and brother-in-law, Mr. and Mrs. John Kiedes stopped officer Tom Wall of the police department during his patrol at about 2 a.m. to report the girl missing.

Jean arrived in Riverside from Oklahoma about one week ago and was visiting with her relatives at the Sunshine Court, 343 North Palm Canyon Drive. She decided to take a walk and hasn't been heard from since.

The young lady was carrying a black purse and wearing a beige blouse and capri set. Her grandparents live in Riverside and any information on the whereabouts of Jean Hickman should be reported promptly to the Palm Springs police.

Jailed gambler Thomas (Newsboy) Moriarty was again tapped as the owner.

Hudson County Prosecutor Lawrence A. Whipple declared, "I'm positive it belongs to Moriarty." This new assignment of wealth to the glumly silent 52-year-old numbers operator who is serving a 2-to-3 year sentence in New Jersey state prison could be just as dubious a blessing as when federal agents said he owned the \$2.4 million cache.

Firstly, Hudson County staked its own claim to the \$168,675.52 in currency ranging from change up to bundled \$100 bills, rather than turn it over to federal authorities like the \$2.4 million.

Whipple then said he was going before a county grand jury Tuesday to seek an indictment against Moriarty. He said the charges would be up to the grand jury, but indicated the 45 date bags of numbers slips and bet records, adding machines, and a loaded gun found with the money would give the jury a variety of charges to ponder.

Finally, the Internal Revenue Service filed tax liens totaling \$3.4 million against Moriarty on the basis of the \$2.4 million. Which means if he laid claim to the money or could be proved the owner, he could end up owing the government another \$1 million.

Gambling squad detectives, under orders to check garages as a result of the multi-million-dollar find by workmen, discovered the \$168,675.52 crammed into two shopping bags in a boarded-up garage just a block from the original find.

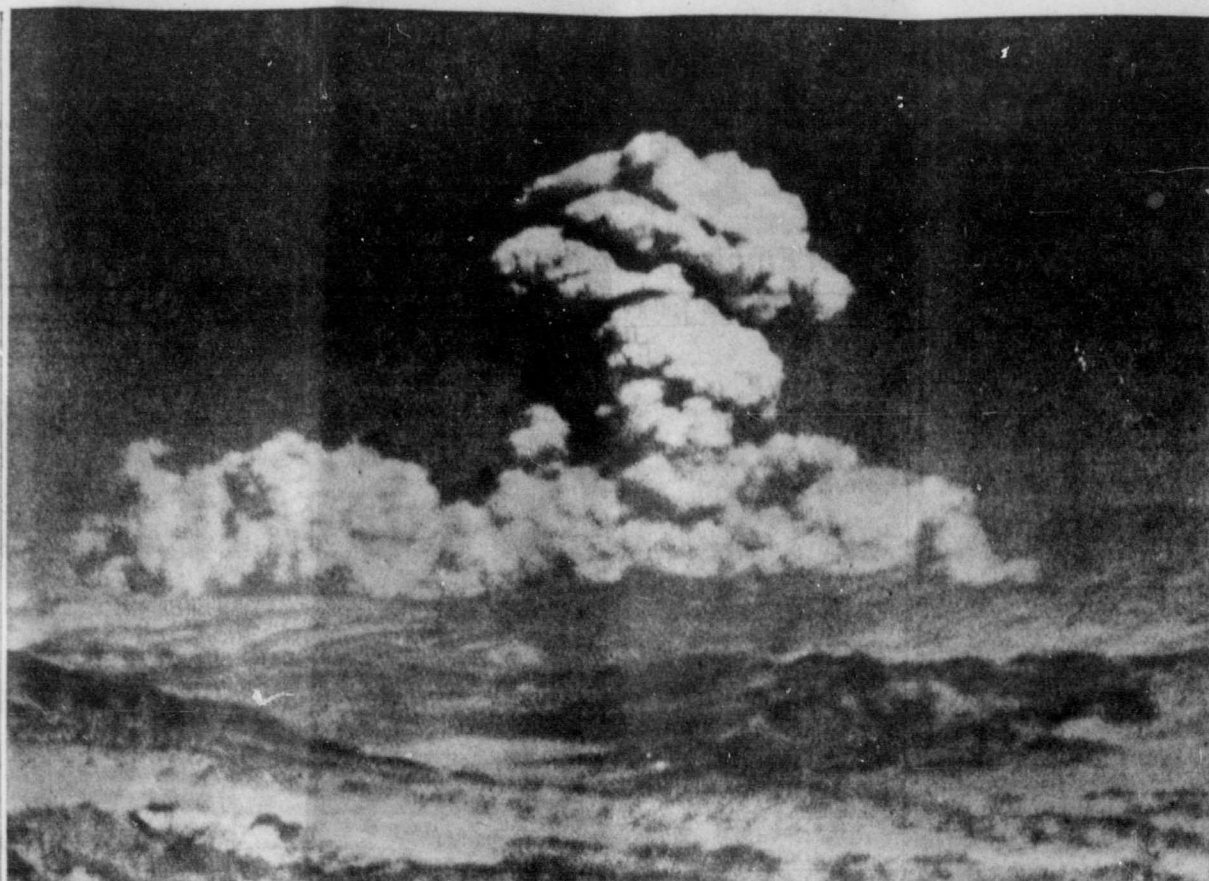

Whipple said three X-ray films with Moriarty's name on them were found with the money, linking the gambler with the cache. The films, which also carried the name of a local physician, were of the lower abdomen and pelvis. Moriarty is known to have stomach trouble.

Motion Picture Pioneer Buried In Seattle

Funeral services were conducted Friday afternoon for Frank L. Newman, 77, who died late Wednesday night following a heart attack at his home in Seattle, Wash. Newman was a pioneer in the motion picture industry, and lived in Palm Springs as a winter resident for 40 years. He, at one time, headed the Fox West Coast Theaters in California.

He is survived by his wife, Fannie; his son, Frank Newman Jr., of Seattle; his daughter, Mrs. Pando Berman, of Beverly Hills; a brother, Henry P. Newman of Palm Springs; two sisters, Elizabeth Brenner and Sara Bidel of Los Angeles; and four grandchildren.

Services were conducted at the Bonney Watson Funeral and interment was in Seattle.

ATOMIC BLAST announced to be in the 100-kiloton range kicks up a cloud of dirt three to five miles and about 15,000 feet high at the Atomic Energy Commission's Nevada proving ground near Las Vegas. The nuclear device

was buried about 650 feet underground to determine the peacetime effectiveness of such devices for making massive craters or harbors. (UPI Telephoto)

C.V.S.L.A. In Annual Fish Fry

Fishing was the order of the day when Coachella Valley Savings and Loan Association held its annual fish fry at Whitewater Canyon. Staff members, husbands, wives and children from both Palm Springs and Indio joined in for the fishing, the eating and the fun.

First prize for catching the most fish was won by Sheri Good while the biggest-fish prize went to Jimmy Wiley.

Following the delicious hot dogs, fish, corn on the cob, cole slaw, rolls and cherry pudding with ice cream, catered by Jack Boyer Catering Service, came the full evening of entertainment.

In the Twist Contest, LaVera Johnson and Jimmy Wiley won prizes for the "small fry" under 12 years of age; Sheri and Mike Good walked off with the prizes in the teenage class and Madeline Eklund and Clifford Sharp proved the best in the adults' twisting. Group singing to "Sing Along With Mitch" music, with words flashed on the screen, proved popular, and some talent was displayed by those present in trying to lead "a la Mitch".

New Feeder Road Into Palm Desert Scheduled

PALM DESERT — A new county feeder road from Highway 99 near Thousand Palms to Monterey Road here will soon serve this community, including fall students of the College of the Desert.

Jack Newcomb, county highway department engineer, announced that the connection with Monterey Road is expected for construction start August 6. Orders for removal of public utility lines from the right of way was ordered Friday, as the first step toward clearance of the route, the county office reported.

The road was first proposed by Mrs. Isabelle Cameron, president of the Palm Springs Real Estate

Board, who asked the resort city's chamber of commerce to back the move. Mrs. Cameron explained that the road would allow students for the College of the Desert — slated to open in its new \$4.3 million quarters in September — to make easy entry into the campus, bypassing tourist-clogged Highway 111.

Highway 111, discussed for the past two years as a possible future expressway through the resort and country club communities between Palm Springs and Indio, would be seriously overcrowded with added traffic, Mrs. Cameron predicted.

The College of the Desert, expecting an opening enrollment between 450 and 500 students, has no dormitory facilities. The ancillary route would permit students to use either Highway 111 if directly on their home route, or the faster, four-lane Highway 111 to Thousand Palms and down the new road to the campus on the north edge of Palm Desert.

Restrictions On Travel by Russ Lifted

WASHINGTON (UPI)—The Russian tourist was free today to gamble in Las Vegas, swim off Palm Beach and visit each and every hamlet in the United States.

But it will be some time before every American community can have a Russian visitor of its own. The State Department announced Friday that the government was lifting all restrictions on travel by Russian tourists and exchange visitors.

Kidnap-Slaying Gets First 'Major Break'

TORRANCE, Calif. (UPI)—Police laboratory technicians today worked on the first "major break" in the kidnap slaying of 11-year-old Dorothy Gale Brown, a white candy-striped dress and pink hair ribbon.

The apparel was discovered inside a beer can floating off Huntington Beach by the daughter of Mrs. Richard Shanklin. The woman washed the dress before she heard of the Brown slaying.

But officers said it may be possible to get fingerprints from the hair band.

The nude body of the child who never returned from a bicycle ride Tuesday was discovered the following day in the ocean off Corona Del Mar, Calif. The beach is about 30 miles south of her home here.

"We have felt all long that the recovery of Dorothy Gale's attire, or any portion of it, would help immeasurably in tracing the slayer," said Police Chief Percy G. Bennett.

The dress was in perfect condition. Its four buttons were intact. But police have failed to find the child's underclothing.

Police, going on the assumption that the child was kidnaped and then slain, theorize that the body may have been dumped from a boat. But officers are more prone to think an automobile was used.

"We believe the kidnaper drove the little girl to Corona Del Mar, dumped her body in the ocean and then drove north," said Bennett. The killer probably disposed of the clothing during several stops along the highway, he added.

Market Plunge Fixed

By JACK KNUDSON

Last month's stock market plunge was rigged, but the drop was certain to be highly temporary, and the sky doesn't limit the gains that are bound to come and to continue over at least the next decade.

That's the opinion of Paul Ward Brody, a sometimes resident of Palm Springs over the last four years, as stated before he zoomed off to London on one of the 20 or so "commuter trips" he makes to Europe each year.

Brody, who hops about the world arranging business deals and says he has homes in Los Angeles, London, Hamburg and Argentina in addition to Palm Springs, calls himself an economic consultant and a trade and barter agreement specialist.

This man is convinced his ideas on the U.S. financial flop and a certain, bright future are correct. Here's what he had to say:

Kittens in Armor

The stock market situation (drop) had its plans set when Anastasia Mikoyan was here two years ago. The Russian trade expert at that time told a New York luncheon group that the stock market was the most vulnerable part of the U.S. economy.

"Giants of investments here are kittens dressed in armor," Mikoyan was quoted. "Without government control anyone can do anything they want to the people's faith in the U.S. economy."

Last month in Tareumde (north of Hamburg) an East German banker offered me \$2 million to settle a \$20 million claim. Brody continued. He said that was all the claim was worth because the U.S. stock market was going to go down.

Market Flop Unwarranted

We were on a hillside. The banker pulled a rock from the hill and considerable sand slid down. This will happen to the stock market. We can completely disrupt it, the banker said. I refused the 10 per cent offer.

Fiscal experts see nothing on the economic horizon to warrant the market flop — Europe is in a boom, America never was better off, the draw on gold is no threat because gold supporting our dollar is four times that of any other currency. (Therefore, Brody reasons a foreign government, probably Russia, manipulated the break.)

When the market broke Dutch investors began buying shares on the exchange in fantastic quantities. Almost every foreign financier with credits in the U.S. immediately switched them into securities.

This market drop cannot be compared to any other. It was not justified.

President Praised

President Kennedy, on the other hand, has enhanced American stature abroad unbelievably (Brody says he's a Republican). If foreign stock shares are going down, it's because foreigners are buying shares on the American market through friends in the U.S.

I believe we've created a bearish situation on the market by our own emotions and rationalization whereas we should be enjoying an overwhelming bull market.

Immediate developments notwithstanding, the fact remains that with the prestige Kennedy has given us, plus the reputation for quality American products enjoy throughout the world, American exports should rise. I foresee an early return to normal thinking in the market and bullish rather than bearish outlook.

(Brody explained that foreign esteem for President Kennedy was based on the fact that when Mr. Kennedy had something to say he put it out in a few words and then kept his mouth shut, a frank honesty that people in most countries recognize and appreciate.)

It was a stroke of genius when

FIRST AND LARGEST of the five steel towers for the Palm Springs Aerial Tramway is shown test assembled at U.S. Steel's plant in Los Angeles. The tower will be erected about 1,150 feet from Valley Station in Chino Canyon at an elevation of 2820 feet. A total of 263 tons of structural steel is being fabricated for the five towers, which will support 148,000 feet of locked coil cable, wire rope and strand being produced by U.S. Steel.

Board to Open Concession Bids On Tram Monday

Members of the Mt. San Jacinto Winter Park Authority will open and read bids for concessions in the Mountain and Valley Station buildings of the Palm Springs Aerial Tramway when they meet Tuesday.

The meeting, open to the public, will be held at 10 a.m. at the authority office, 1111 N. Palm Canyon Drive.

President Kennedy allowed the building of "the wall" in Berlin without protest and it will pay off in the greatest gains the Free World has had in years.

West Propaganda Gain

That wall in Germany will come down because the Communist East Germans have failed miserably in industry and agriculture. The satellite nations are no help for while they're long on propaganda we're prone to accept, they're extremely short on production.

Walter Ulbricht is on the way out and the East Germans are looking for credit of \$250 million. Part of the consideration demanded by the West Germans in extending this credit will be removal of the Berlin wall.

We must realize that the Germans, East and West, are more a single group than were the North and South during our Civil War. The East Germans are prisoners.

Giving credit to East Germany and tearing down the wall will have fantastically favorable international propaganda value to the West. It will show Germans helping their brothers and relatives and at the same time show to the world the failure of communism.

Tax Reduction Finally Appears

It is refreshing, and somewhat unusual to report a tax reduction in this day of spiraling costs and assessments, reports R. R. Buttane, local certified public accountant.

Buttane, who is also secretary of the Cathedral County Fire Protective District, related that an approximate 20 per cent reduction could be expected for the fiscal year 1962-63 in both the Cathedral and Sunair Charlesworth fire districts.

The districts enjoying the reduction adjoin each other and are located in the unincorporated Cathedral City area.

Four Desert Projects on County Slate

RIVERSIDE—In a regular meeting beginning here at 9:30 a.m. Wednesday, the Riverside County Planning Commission will conduct two public hearings on desert area projects.

At 10 a.m., a hearing will be held on the application by the Mobilife Corp. for a sewage disposal plant for its Thousand Palms trailer park project.

At 10:30 a.m., a public hearing is slated on the application by the Palm Valley Water Co. for installation of a domestic water pump plant in an R-1 residential zone in the Indian Wells district. The plant, to be landscaped and kept to a four-foot maximum height, is planned for the east side of Eldorado Drive, between Fairway Drive and Highway 111.

Anti-Guerilla Training Set

TWENTYNINE PALMS — The First Light Antiaircraft Missile Battalion here will displace to the Big Bear area for three days for anti-guerilla warfare training, to be conducted from July 9-20.

The battalion hopes to conduct an aerial photography training unit from Camp Pendleton to provide photos of the anti-guerilla training grounds.

SOMETHING NEW HAS BEEN

ADDED AT W & J SLOANE!!!

Manager of Palm Springs' W & J Sloane, Iris Adams is very proud & happy that Allen Johnson has joined Sloane's skiff staff of Interior Designers. Not much conversation needs transpire before one realizes how fortunate Sloane & we homeowners in the desert are to have an individual with Allen's background, in our midst! He is a graduate of Les Arts Decorative, Paris & spent two years at Ecole des Beaux Arts (a school for the four arts & it was news to me they only accept accomplished architects, sculptors, painters & designers). Allen worked for Paul Baumgarten, Place Vendome, Paris... had his own business in London... came to the United States in 1948 & was an interior designer in New York, Palm Beach & San Francisco. What a wealth of experience this resident of Rancho Mirage has enjoyed. Allen decorated many homes in our country club area (more particularly around Eldorado Country Club) & you may now contact him at W & J Sloane... 325-2063... 460 S. Palm Canyon Drive

Hizzoner — Palm Springs' (very own) "Honorary Mayor" Bob Hope

comments on his recently receiving his Doctor of Humane Letters Degree at Georgetown University where his son, Tony, graduated. "Thank you very much for this degree I can hardly wait to get home, so my son can read it to me."... "I'm very proud of my son, Tony, he's done more with his twenty-three years than I've done with my forty-nine — & I've had my forty-nine years longer than anybody."... "Tony's learned a lot here. He can write home for money in five languages."

FAYE KENNEBECK & JOHN KENNEDY were telling some clients the other day — "aole oe i naho a ike ia Hawaii," which, in Hawaiian means... "You have not lived until you have seen Hawaii." Hawaii casts its net of enchantment over you with a variety of things to be enjoyed! The surf caressed beaches, golfing, swimming, parties, pineapple plantations, surfing, tours of other islands and sight seeing. If you've been, then AIRLANSEA (worldwide-travel-service in Palm Desert) have many other travel plans for you! Just phone FI 6-6966—if the line is busy keep trying, because AirLANSEA is swamped with business these days with so many desert residents going on vacations & business men flying here and there! (p.s. It's a great trip to Honolulu on Matson's SS MATSONIA or SS LURLINE!)

WANT TO BE TREATED LIKE A QUEEN???... and besides, relax—refresh & revive? Dr. Anne-Marie Benstrom says... get on the ball & stay on the ball! (she invented the famous "B-Ball" which, if you've been at the fabulous GOLDEN DOOR you know what it can do & if you haven't, you should go! You owe it to yourself to spend a week over Escondido-way... pamper yourself by phoning Sherwood 5-6621 and promise yourself at least a week under the expert direction of Anne-Marie. Uncle Miltie's "Ruth" (Berle) is doing just that this week!

The Golden Door presents: "Profile of the Week"... her birthday was July 4th, she's originally from the South, is an attractive brunette, has a 'green thumb', is my neighbor (& a good one!) & her husband's name is Leo & he is a city building inspector (C answer elsewhere in the Desert Sun in "Recession")

"Recession" is Bob Hope's Bas-set hound (known for diggin') so is mascot for Jan King's Desert Diggin's. Entrepreneur Pete Pettito (for the Crosby Brothers) told "Recession" the other day — "KEEP DIGGIN'" & "Recession" is doing just that! C U Sat.—Adv.

Council Study Session Considers Marathon

All five members of the Palm Springs City Council met in a special study session Friday to review the marathon councilmatic agenda set for Monday evening, with emphasis on the George Alexander's application for the Desert Inn.

The council members gave close scrutiny to Alexander's formal request for commercial zoning on the Desert Inn site fronting North Palm Canyon Drive, westward toward the proposed eight story Desert Inn hotel.

Councilman Earle Strebe, a major property owner, in the Palm Springs business district, told his fellow council members that the "economics will control" Alexander's utilization of commercial zoning.

Strebe emphasized that there is "so much commercial (property) all over town that what few square feet we give him and (Alexander) won't make a difference to the city as a whole."

Vice-Mayor Ted McKinney urged attention by the council to "make this a top deal... attractive." McKinney told the group that he did not believe carte blanche approval, and asks particular attention to parking and planting requirements. McKinney's viewpoint was seconded by Mayor Frank Bogert, who stressed that multi-story parking, is needed, could be attractive.

The city council will conduct its public hearing on the Desert Inn proposal in the meeting beginning at 8 p.m. Monday.

Wall Problem Blocks Variance for Hotel

A proposed new tennis facility and bungalow development at The Cloisters has been temporarily stopped by a wall. The new court-keyed project is sought by Muriel E. Fulton, and Earl and Kay Cordrey, who asked the Palm Springs Planning Commission for a permit for installation of two tennis courts, and five new guest quarters. The application seeks a setback and height variance for the tennis courts, with a 12-foot wire fence around the courts, and a six-foot rear yard setback instead of the normal 10 feet. Final variance asked is location of the proposed private club and addition closer than 100 feet from an R-1 district.

Relocation would place the wall almost adjacent to the swimming pool, Muriel Fulton told the commissioners. The planners tabled the matter to permit a field inspection.

Excessive Speed

EFFINGHAM, S.C. (UPI)—Atlantic Coast Line district superintendent O. P. Dowling has blamed excessive speed for the derailment of the Havana special which wrecked Wednesday, killing the engineer and fireman. Eleven of the train's 50 passengers were injured.

In the Good Old Summertime

Hawaii Is With Us Again

Honolulu is always getting summering away from Palm Springs to the desert via the luau route. The latest in a series of Hawaiian-themed parties was the luau and swimming fete at which Mrs. George Lamons, outgoing president, feted members of the Coachella Valley Zeta Kappa Chapter of Epsilon Sigma Alpha. The affair was held at the Palm Springs home of Mr. and Mrs. George Hughes.

Guests were served a luau menu of whole roasted stuffed suckling pig with Polynesian spinach, exotic fruit salad, salmon with lemon, honey nut bread, sweet potato poi, and almond cookies. There were also hors d'oeuvres of fresh pineapple frozen in creme de menthe (THAT ought to be a good recipe) and served with Mona Loa punch—all against a background of orchids and gay parasols.

To climax the evening, the chapter presented Mrs. Lamons with a gold medallion charm for her sorority bracelet. The guest list included Mr. and Mrs. Sam Vince of Indio, the Douglas Coxes and Robert Bradys of Palm Desert, the Ted Rosses of Palm Springs, Mr. and Mrs. Keith Williams of Thousand Palms, and Mrs. Lamons' sister and her husband, the F. E. Francos of Los Angeles.

Here's One Idea

Mrs. Harold Jones had come up with one answer for the problem of removing blood stains from children's clothing. Rub the stain at once, she says, with an ice cube. Rinse with ice water. If traces of stain remain, soak in ice water. The "at once" is important; stains must not be allowed to set. And the water must be ICE cold, Mrs. Jones points out.

Just-Weds Home from Las Vegas

Mr. and Mrs. W. H. Smith, whose marriage on June 29 was an event of considerable interest on the desert, were feted with a reception late Thursday afternoon by the staff and officers of the organization's Palm Springs and Indio branches. Close to 50 guests attended the affair, held in the Palm Canyon Drive office.

On behalf of the personnel, Arthur L. Cooper, manager of the Indio branch and executive vice president of the association, presented the just-wed pair with a fireplace set, which they will use in their recently completed summer home at Yucaipa.

At the reception, Thelma Good presided at the punch bowl, and Juanita Casteel served the wedding cake after the initial cut by Mr. and Mrs. Smith.

The wedding of the distinguished couple took place at The Little Chapel of the West in Las Vegas. Mrs. Smith is the former Mrs. Gertrude Carlson and was associated with the Union Oil Co. in Santa Maria for 20 years. Her new husband is president of the Coachella Valley Savings and Loan Association.

Ice Cream Social Scheduled By Palm City Church Women

The Women's Fellowship Group of the United Church of Palm City will sponsor an ice cream social and soft-drink party July 12 beginning at 7 p.m.

Games, including shuffleboard and croquet, will be played on the patio, with the winners receiving prizes, and dancing to the music of the Sun Country Trio will begin at 9 o'clock.

Helen Woolacott, party chairman, has asked that men and women planning to enter the shuffleboard competition make up their teams of four players each and post the names on the bulletin board of the Recreation Hall in advance. Eight teams will compete at a time.

A final committee meeting will be held Monday at 2:30 p.m. in Mrs. Woolacott's home. Making plans with her will be Opal Jennings, Winifred Morrison, Elsie Van Buren, Madeleine Myers, Marie Orens, Muriel Tomlinson, Elsie Sheehan, Dagmar Nichols, and Mrs. M. B. Benson.

The committee is asking for additional men and women to help with the party, including shuffleboard "experts" and scorekeepers.

New Portfolio Tells How To Avoid Travel Frazzle

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — Avoiding travel frazzle should be a cinch with all the free advice available on tripping without flipping.

Almost everybody from the oil companies to the insurance people are in the act of offering motorists advice as the summer vacation season moves into full swing.

Now, the organization catering to the nation's estimated 30 million women drivers is producing a catch-all portfolio for travelers. The newly organized Automotive Council for Women next week will mail to its members a portfolio crammed with tips on how to

change a tire, traveling with children with pleasure, motel guides, what to do in case of accident, how to take better pictures, what to wear where, and how to stay well-groomed through it all.

Jeanne Wertz, founder-director of the council, compiled the guide much of which is based on her experiences in a previous job which required 30,000 miles of driving each year.

"Plan Ahead" List

There's a "plan ahead" list of packables for making motoring more pleasurable.

These include: Cosmetic kit for stops and in it, a soft face cloth, soap, hand lotion and face cream, face tissues, aspirin, witch hazel, cotton pads, deodorant, hair clips,

net and spray, and cotton knit footies for tired feet en route.

Pack a travel iron, a few extra hangers, plastic bag for wet bathing suits, a raincoat just in case and a small laundry bag — the latter an easy way to keep the clean and the soiled clothes from mixing up in a suitcase.

Miss Wertz said you'll want camera and film, one really good book, a vacuum pack bottle and non-spoil snacks for roadside stops, and cups, spoon, instant tea and coffee for any-hour motel service.

"The wise driver," she says, "will pack an extra set of car keys, flashlight, road flares, travelers' checks, oil credit card for unexpected car expenses and car registration as well as driver's license."

Keep Clothes Simple

She suggested that wearing apparel be kept simple, but does not recommend Bermudas although they're increasingly the uniform of the woman traveling by car. Her list: Culottes and gored skirts, sleeveless blouses, cotton knits, crisp wash and wear dresses, colorful scarves to protect the hair, wrap-around sunglasses and "straw bags to hold everything."

If you own a wig, take it, she said — perfect for after-swim wear.

Vote well ahead for rest, refreshment or overnight stops. And above all, don't boss, nag or fuss.

If you're traveling with children, plan regular rest and exercise stops — to help them wear off the excess energy. Let each have his own small suitcase or toy box. Pack favorite toys of the non-breakable type, but keep them to a minimum.

New Ideas For Barbecue Time

It's barbecue time, and here are some recipes that may be brand-new to you.

Ask your butcher to cut English short ribs crosswise to get the small rib steaks; then grill them slowly over low heat until they are tender and crisp. Or try butcher steak, which will remind you of flank steak, but is juicier and richer in flavor. Cook it with an Italian sauce, turning only once, and slice diagonally across the grain.

Boned turkey rolls, ranging from 3 to 10 pounds, are good on a spit or in a covered smoke cooker. And country-style spareribs provide wonderful chop-like meat servings.

After damp cleaning carpet, put coasters underneath furniture legs to avoid woodstains forming while rug or carpet is drying.

29 Palms Soroptimist Club Honors Two Award Winners

Members of the 29 Palms Soroptimist Club honored two June high school graduates during a breakfast meeting held recently at the Mission Inn.

The honorees, Miss Leona Sandrowski and Miss Getty Huntsman of Yuca Valley, have received scholarships from the club as a part of the organization's contribution to youth education.

Under the sponsorship of the Soroptimist group, Miss Sandrowski attended the youth leadership school at Idyllwild last month, and she reported on the week-long program at the breakfast meeting. The niece of Mr. and Mrs. Ted Strong, she is a 1962 graduate of 29 Palms High School, where she was senior class president, and ranked among the top ten students of her class scholastically.

Among the rewards she received were the Lions Club scholarship, the Bank of America award for outstanding work in English, and the scholarship given by Upsilon Zeta Chapter of Beta Sigma Phi. She plans to study nursing.

In Top Ten Miss Huntsman, daughter of the Jack Huntsmans, also ranked among the top ten of her senior class at 29 Palms High, and was awarded a \$150 scholarship by the Soroptimists. Her other awards included a Bank of America.

Among the rewards she received were the Lions Club scholarship, the Bank of America award for outstanding work in English, and the scholarship given by Upsilon Zeta Chapter of Beta Sigma Phi. She plans to study nursing.

Sandwiches For Summer

A sandwich buffet is a good make-ahead meal you can serve these summer evenings. As a first course, try a hot soup and morsels of salmon with cucumber, anchovy with onion and hard-cooked egg, shrimp and asparagus, or a curried egg salad.

Main course sandwiches can include turkey breast with red cabbage, roast beef with horseradish cream, and ham and cheese with spiced peach. For dessert with coffee or iced tea, serve fruit and cheese on crackers.

JUST-WED PAIR, Mr. and Mrs. Richard W. Paine, turn away from the altar where the Rev. Charles Brown has just solemnized their marriage. The recent ceremony took place in the Palm Springs Community Church. (P.S. NewsPhoto)

DONNA RUSSELL GIVES VOWS

Richard Paine Claims Bride

Cathedral City is the new home of the just-wed Richard W. Paine (Donna Russell), whose June marriage took place in the Cathedral City Community Church of Palm Springs. The 6:30 o'clock rites were read by the Rev. Charles Brown.

For her wedding, the bride, who is the daughter of Clem Russell of Indio, chose a hoop-skirted gown of white Alencon lace and tulle, with which she wore a short veil flaring from a halo crown, and carried a spray of orchids and stephanotis clasped to a family heirloom Bible.

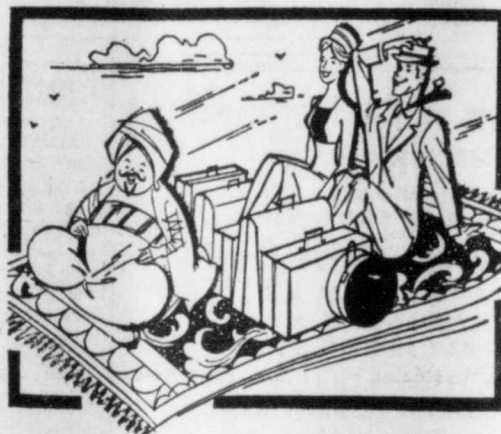

Her matron of honor, Mrs. John Perkins of Indio, preceded her to the altar in a frock of soft pink, matched by her hand bouquet of carnations. The bridesmaid, Mrs. James Glouster of Palm Springs, was in a green ensemble.

The benedict, son of Mr. and Mrs. Jack Paine of Palm Desert, asked John Perkins to stand with him as best man; in the ushering

contingent were the bride's brother, Tommy Russell, and James Glouster.

Following the nuptial ceremony, the new Mr. and Mrs. Paine received congratulations at a reception held in the recreation room of the church, and after the young pair left for their honeymoon destination, the senior Mr. and Mrs. Paine entertained their out-of-town guests at a dinner in the Purple Room of the Hotel Trinidad.

REFUGEES from Communist China line the rail of the SS Szechuan on arrival at Keelung, Formosa. Sixty-three persons who fled China arrived to begin a new life. They are among thousands who have fled in the past three months and were first to arrive since the Taipei government an-

nounced it would accept all refugees who ask to come to Formosa. Christian missions are reported doing notable work in Formosa, outstanding among them being the Church of Jesus Christ of Latter Day Saints. (UPI Telephoto)

Members of the Baha'i World Faith will observe the 12th anniversary of the Martyrdom of the Bab, prophet-herald of their Faith, at the Community Room of the Santa Fe Federal Savings Loan Association, 300 S. Palm Canyon, at 8 p.m., Sunday, July 8. Mrs. Eileen Norman of the Los Angeles Baha'i Community will be the speaker and her topic will be "The Promised One Has Come."

This observance is one of 8,000 that will take place around the world. Its significance is similar to observance of the anniversary of the Crucifixion of Christ. In many ways the Martyrdom of the Bab paralleled the Crucifixion.

The Bab (meaning the Gate of God) was executed at high noon on July 9, 1850 in Tabriz, Persia, and over 10,000 of His followers were slain.

The Church School meets at 9 a.m., while the Christian Youth Fellowship for senior high youth convenes at 7 p.m. The first meeting of the new church board will be held on Wednesday, July 11, 7:30 p.m., at the church.

The morning worship service will be held at 9:30 a.m., with Sunday School meeting at the same hour. Classes will be provided for children and young people of various age groups up through high school age.

Rev. Stoddard, who has been a popular supply preacher in this church on other occasions has chosen for his subject for the morning sermon, "Pattern For Bible Study." This is the second of a series of morning messages in which Rev. Stoddard will give the pattern for Bible study, spiritual growth, prayer, and Christian service. He will occupy the pulpit at both morning and evening services, and will teach the Bible study on Wednesday night, using as his subject, "Pattern For Christian Service."

Chaplain Weston Guest Pastor at Cathedral Church

The morning worship service begins at 9:30 a.m. at the Cathedral City Community Church this Sunday. The guest pastor will be John C. Weston, chaplain of the Hollywood Presbyterian Hospital.

Christian Science Communion

Communion services will be held Sunday at Christian Science churches throughout the world.

Keynoting the Lesson - Sermon entitled "Sacrament" is the God-Text from the Bible (Galatians 3): "Ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done."

HAT-RAISING EXPERIENCE

VISITING A pet shop in Fort Lauderdale, Fla., two-year-old Ronald Stephen Kuntz was having a great time until he ran into Rosie. Like most females, Rosie couldn't resist the sight of a new hat—the sailor hat Ronnie was wearing at the time. The result can be seen in these photos. He got his hat back, and learned about monkeys.

Ronnie gives Rosie a piece of his mind before leaving shop.

Deadline on Voting Told

If you have not registered in the State of California before—did not vote in the last general election—have moved since you last registered—changed your name or wish to change your party affiliation, you must do so before the Sept. 13 deadline.

Stanley T. Spiegelman, president of the Palm Springs Democratic Club, recommended that because of the unique vacation habits of many in this area they should be reminded to register before departing for the summer. In some cases certain localities will not return in time to meet the September date.

Both Republicans and Democrats are invited to register at the Democratic headquarters in the 100 block east on Andreas, Spiegelman said. He also asked that any Democrats interested in volunteering to work in the headquarters or their own neighborhoods call 324-1542 or 324-4322 to register their availability.

Joel Friedman Given Honors

PRINCETON, N. J. — A Palm Springs student at Princeton University graduated at the college's 215th Commencement with highest honors.

Joel Paul Friedman, son of Mr. and Mrs. Harry E. Friedman of 333 Overlook Road in Palm Springs graduated with highest honors in chemistry. He was one of 11 who graduated with highest honors in chemistry from a class of 676 students.

1,000 PALMS Visitor Laments Growth

By BEATRICE EAVES

THOUSAND PALMS — At what price is improvement?

A lady tourist sporting a Texas license plate on her station wagon stopped at the Post Office corner to inquire the way to Banning and was heard to say in confused sort of voice:

"Thousand Palms used to be such a beautiful spot! You could stand here on the corner and see miles and miles of beautiful rolling sand! Now, you can't see over that Hi-way! It has spoiled everything!"

Due to all the building and construction work which we have more than welcomed because we hope for any improvement in the name of progress, we have had more than the customary sand blows. It seems that in order to gain a profit, we must pay the price.

Mrs. Dan Claassen of 72-220 Highway 99 has been receiving treatments at the Osteopathic Hospital at Riverside, but has also been enjoying some social life. A luncheon at the home of Mrs. Glen Nelson at which six friends were included and a farewell party at the hospital given by the nurses, honored Mrs. Bertha McCormack. She is a nurse but is leaving to accept a position as head dietitian in the Indian schools.

Mr. and Mrs. Joe Wynn (nee Janet Wiley) of Thermal are the proud parents of an 8 lb. baby girl whom they have named Francis Louise. Janet grew up in Thousand Palms and the young couple were married here.

Mr. and Mrs. D. Wallace are headed with their camper to La Puente and a visit with daughter Dorothy, Bill and the two granddaughters. Thence they go to Seattle and the fair.

L. C. Johnson and family of Big Springs, Texas, are visiting his mother Mrs. Mary Johnson on Monte Vista Way. He is stationed at a Texas Air Force Base and his wife is a nurse. Mrs. Mary Johnson plans to return with her son to visit the rest of the summer.

Sorry! The pool has been temporarily closed due to insurance difficulties.

Mr. and Mrs. H. J. Arnett and Elizabeth have returned from a vacation trip to the Coastal Highway to Clear Lake. They took along their fishing poles and other equipment, but were so entranced by the beauty of all the water around them, they said they never thought of fishing. They spent some time at Tuolumne and also absorbed some city atmosphere in San Francisco.

Mrs. L. W. (Ken) Kendall has returned to Inglewood from her home on the desert, San Jacinto Dunes. Ken is doing his own house work.

Asks Consideration

GEORGETOWN, British Guiana (UPI) — Prime Minister Cheddi Jagan said here that he will ask the United Nations to consider Britain's postponement of talks aimed at giving independence to British Guiana.

REGULATIONS FOR CLASSIFIED ADVERTISING

—Every effort is made to eliminate false and misleading advertising from our columns. Any complaint will be thoroughly investigated.

—In the event of error notify the Classified Department. Advertisers are expected to check the first insertion. We will not be responsible for any errors after the first day.

—All claims for adjustment or credit must be made within 10 days. Receipts must be presented for cash refunds.

—All ads cancelled before publication will be charged for one insertion.

—Read your ad carefully before placing it with ad taker. Due to mechanical operation it is impossible to correct or cancel your ad until it has appeared one time.

—All ads must be 3 lines or more.

—Addresses, telephone and box numbers shall be charged as part of the advertisement.

—How to estimate number of lines: The cost of any advertisement may be determined by counting 27 letters and spaces per 8 point line; when ad capitals are used, count 25 letters and spaces to a line.

—Orders cancelled before expiration will be charged for the actual days run at rate earned.

—Ads with Box Numbers will be charged 25c extra.

—Copy changes: Copy on 30-time orders may be changed 2 times weekly; on 7-day orders once weekly; on 5-day orders once; on 4-day orders copy may not be changed except for minor corrections.

—Telephone orders will be accepted without prepayment from advertisers within our collection area, who are home owners or whose phone is listed in their own names. Payment for Situation Wanted ads and Rental Wanted ads is required in advance.

—All ads placed from hotels, trailer parks, and motels must be paid in advance.

—The closing time for daily Desert Sun Classified Advertising is 2 p.m. of the preceding day. Classified Department open 8:30 to 5:30 daily. Saturdays until noon.

—Borders, boxes, cut-in type and other unusual arrangements not possible in machine composition are not available.

—All classified display advertisements measure 8 lines per column inch.

—Ads for matrimonial Offers, Fortune Telling, "Share the Ride" or Ads of similar nature are not accepted.

—No reference is permitted to any race, religion, color or creed in Help Wanted advertising, except to state a preference in ads for Domestic Help or ads placed by an established religious or charitable organization.

—Situations Wanted, "Personals," "Transportation," "Lost and Found" must be paid in advance.

—Deadlines for new copy or cancellations: 2 p.m. previous to day of publication. Phone room and counter open 8:30 a.m. to 5:30 p.m. daily; 8:30 a.m. to 12:30 p.m. Saturdays. Office closed Sundays.

—This newspaper cannot be responsible for more than one incorrect insertion. Please notify us promptly of any error in your ad.

Angels Wings Get Ruffled, 12-7

Marichal Handcuffs L.A. As Dodgers Lose, 12-3

SAN FRANCISCO (UPI)—thief Maury Wills never got a chance to work his specialty. He got on first once, then was whizzed around to third on a single by Jim Gilliam as the Dodgers took an early lead.

The boss of the Los Angeles Dodgers was discussing Friday night's 12-3 pasting by the San Francisco Giants which saw the Bay Area sockers creep back to a half-game behind his club in the National League land rush.

Manager Alvin Dark of the Giants, beaming over a five-hitter by Juan Marichal in which the Caribbean swifty struck out 13 Dodgers for a career high, planned to dispatch Jack Sanford (8-6) to the hill today. He will be edged by Johnny Podres (4-6), Alston's veteran left-hander, in the third of a "crooshal" four-game series.

"It was one of those deals where we played pretty good ball until tonight, then everything went heels over tea kettle," said Alston, when reminded that the Dodgers not only saw a seven-game win streak snapped but had played errorless ball for nine consecutive contests.

No Larceny
Not only were the Dodgers held to five hits, including Frank Howard's 11th home run, but base

Wills in the third and Howard's homer, which just dripped over the center field fence, closed out the Dodger scoring in the fourth.

San Francisco used three hits, two of them doubles, while scoring four times off Williams in the third as he started the merry-go-round by committing a balk with three on.

Felipe Alou's sacrifice fly brought in another run, then Orlando Cepeda's second of three singles put the Giants ahead for the night.

A crowd of 41,569 watched the game turn into a mess as poor support helped the Giants tally five more in the fifth and another three in the sixth.

Battle of No-Hitters Erupts Into Slugfest

By BOB ABBEY

CHAVEZ RAVINE—It was no-hitters night here last night, but coupled with a last minute decision of the L. A. Angels front office and 'Bo' Belinsky they must of thought it was Christmas, for the Angels handed the visiting Red Sox five runs in the first inning as Boston coasted to a 12 to 7 victory which knocked the AL leaders out of first place.

The no-hitter on the opposing side, Earl Wilson, lasted longer than 'Bo' but was finally roughed up after retiring two batters in the fourth inning as the Angels hit six consecutive singles to score five runs.

Although Wilson was the winning hurler, he, too, had an early shower and turned the pitching chores over to Arnold Early who was able to put the silence on the Angels boomin' bats. He closed the door on the L.A. heroes from then on and allowed only two more runs, one in the eighth and another in the ninth, to save the victory for Wilson the Helms Hall awards winner.

The 12-7 setback tarnished some of the luster of the Angels homecoming as the youthful ball club returned from one of the most successful road jaunts in the history of the club Wednesday night — on top of the American League.

The Angels gambled on a gate attraction by sending no-hit Belinsky against Boston's Wilson who had duplicated the no-hit feat in Beantown against the Seraphs — with 'Bo' on the mound hurling a three hitter — good enough to win 99 games out of 100 in the major leagues.

Good Crowd
But the 23,875 Angel fans who turned out to welcome the ball club home saw it stage one of its frequent come-back efforts. It fell short, but it tossed the boos into cheers.

Acting Manager
Coach Del Rice, acting manager in the absence of Skipper Bill Rigney who is in Oakland attending the funeral of his father, George Rigney, who passed away Thursday morning in Oakland, wasted little time in calling Ryn-

ROUNDING third and headin' home is Gary Foster, of the Screwballs softball team, who smacked a home run for the losers as they went down to defeat, 9-1, in the Desert Hot Springs tilt won by the Fireballs.

Hurlers of No-Hitters Honored

LOS ANGELES (UPI)—The two no-hit hurlers in the American League — Boston's Earl Wilson and Bo Belinsky of the Angels—today had Helms Hall awards for their trophy shelves.

The two pitchers, who faced each other June 26 at Boston when Wilson hurled his no-hitter, were presented the trophies a few hours before game time Friday night.

Belinsky lost to Wilson June 26 marking the fifth time in history that a pitcher has been on both sides of a no-hitter—in the same season.

Belinsky lost again Friday night when Boston knocked the Angels to third place in the league with a 12-7 victory.

The Los Angeles pitcher also was awarded Southern California's Athlete of the Month for May for his 2-0, no-hit victory over the Baltimore Orioles May 5.

IN WOMEN'S SINGLES

Karen Susman Wins Wimbledon Crown

WIMBLEDON (UPI)—Mrs. Karen Hantze Susman, a 19-year-old San Antonio housewife, gave the United States its first Wimbledon singles tennis championship since 1958 today when she defeated Mrs. Vera Sukova of Czechoslovakia, 6-4, 6-4.

A crowd of 15,000 saw the bouncy American girl become the first U.S. citizen to win in singles here since Althea Gibson of New York took the women's singles crown four years ago.

Alex Olmedo, a member of the U.S. Davis Cup team, won the men's crown in 1959, but he was a Peruvian.

The eighth-seeded Mrs. Susman trailed briefly in the first set before coming back to beat her 30-year-old rival, a brawny parttime worker in a Czech jet aircraft factory.

Both girls appeared nervous at the start of the women's singles final.

Mrs. Sukova, only the third unseeded woman ever to reach the final, lost her own service in the opening game, missing game point when her low shot hit the net cord and fell back.
